$$\text{kcal/h} = 0,86 \times \text{Watt}$$

Sistema di installazione a parete

Dimensioni corpo radiatore

Misure espresse in mm:
A - Altezza, B - Larghezza, C - Interasse

Informazioni tecniche:

Temperatura massima di funzionamento: 90°C

Pressione massima di funzionamento: 400kPa

Non disponibile per installazione monotubo

Consultare le raccomandazioni tecniche a pag. 167
